

No Additives or Preservatives!

Healthy For Life is a nutritional products company who cares about helping people achieve better health. We produce simple and convenient products that provide essential nutrients often missing from our diet. Our products are made with the highest quality ingredients.

••• WHY CHOOSE OUR MINERALS?

Healthy For Life minerals are easily recognized by your body. Minerals can only be used by our bodies when they are combined with a protein. Albion Labs® created a patented process for joining minerals to protein through a process called chelation. Healthy For Life only use Albion Labs® minerals since they are recognized as the finest minerals available. There are no additives or preservatives in our Natural Mineral Supplement.

••• HOW MINERALS HELP YOU

These minerals can help with blood sugar, strengthen the immune system, thyroid, menopause, depression, bone structure, digestive system and more energy.*

An exclusive formulation of essential minerals for optimum results
